

SUPRA HDMI-HDMI AOC 2.1

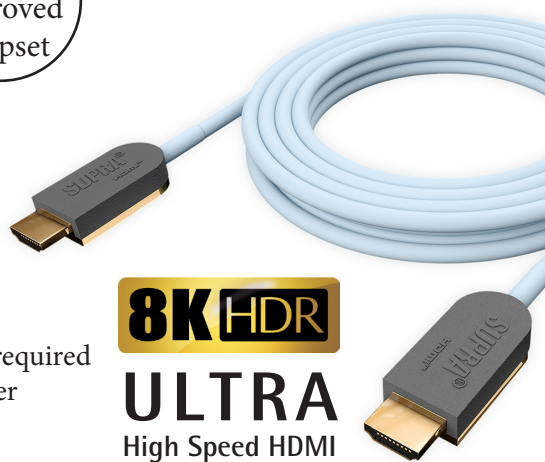

Optical HDMI-cable Ultra High Speed 8K, v2.1
with Ethernet

Rev.date: 2022-11-04

Customs tariff no: 8544700090

Country of origin: Sweden

- Plug & Play configuration – no drivers or separate power supplies required
- Supports resolution Ultra HD 8K 7860x4320@60Hz up to 100 meter
- Thin hi-flex cable, only 4.5 mm in diameter, easy to install
- Fiber optic technology in selected conductors for noise immunity

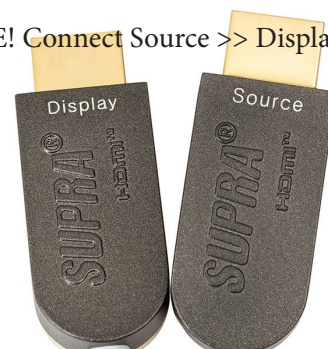

SUPRA HDMI-HDMI AOC 2.1 - Optical hybrid cable

Perfect for 8K ultra-high definition long distance connections in professional and home cinema installations. The hybrid fiber optic technology enables a lossless transmission over long distances and at the same time RFI & EMI interference are kept to a minimum. The 48 Gbps bandwidth enables Ultra HD 8K 7840x4320@60Hz resolution up to 100 meters. The transmitter and receiver modules are integrated into standard Type A 19 pin HDMI Male connectors for connecting to the source and the display. SUPRCA AOC concept is completely Plug&Play, does not require any drivers or external power source. Despite its small diameter, it is strong and flexible, we have run the cable in a pneumatic bending test machine for 8h without any deterioration in performance.

Standard:	HDMI AOC v2.1, Ultra High speed 8K/HDR
Jacket:	PVC GA78, round
Diameter:	4.5mm
Colour:	Iceblue (other colour upon order)
Connectors:	24K gold plated pin & shielded housing in Aluminum
Size connectors:	Chassis LxWxH 40x20x10 mm
Resolution:	8K HDR, @60Hz
HDCP:	Requires HDCP 2.2 eller 2.3
Features:	4:4:4 colours, HDR, eARC & CEC, HDCP 2.3
Sound support:	Dolby Atmos, True HD, DTS-HD Master Audio, 32 channels
Temp.range:	-10 to 80 °C
Packing:	Carton 1-10m 22,5x23,5x2,5, 12-15m 23,5x22,5x4 20-30m 23,5x22,5x7.5 & 75-100m 34x33x7,6 cm

NOTE! Connect Source >> Display
